

[UK Wants To Force Internet Companies To Think Of The Children](#)

# What is on a child's computer?

Browser used to access the dark web

Virtual Machines can hide operating systems not normally found on the computer- like Kali Linux

Kali Linux is an operating system often used for hacking

WiFi Pineapple is a bit of kit that can be used to capture sensitive data over the internet

Discord is a popular communication platform often used to share hacking tips

Metasploit is penetration software that makes hacking simple

If you see any of these on their computer, or have a child you think is hacking, let us know so we can give advice and engage them into positive diversions.
